From the Principal

Dear Families

Throughout the last two weeks I have continued to visit classrooms to talk to children about their learning goals. Research shows that students who set their own learning goals progress at a faster rate and have high expectations of themselves.

Classes have also set up displays where students have shared their learning goals. The pictures below show the displays and learning goals of students in Miss S and Mrs Francis's class.

STUDENT FREE DAY – MONDAY 30 OCTOBER

I would like to take this opportunity to remind all families that we have a student free day on Monday 30 October. On this day teachers will be continuing to undertake training and development in assessment and moderation in order to ensure consistency with assessment across and within schools in South Australia

The last day of school this term is next Friday the 29th September. I would like to remind families that school finishes at 2pm on this day. We understand children are getting tired because it is nearing the end of the term however it is very important that you keep sending your child to school everyday next week so that they don't miss out on their learning.

Kind regards, *Bec Mueller*
