

## PRIMARY STUDENT USE OF MOBILE PHONES AND PERSONAL DEVICES POLICY

### **Purpose**

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

### **Mobile phone use for primary school students**

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

### **Storage of personal devices**

Students are encouraged to leave their mobile phones or other personal digital devices at home unless it is absolutely necessary to bring them to school to ensure after school hours safety and communication with family.

If a student has a legitimate reason to bring their mobile phone or personal device to school it is a requirement that they are switched off as soon as the student enters school grounds and remains so, until the student exits the school grounds.

Mobile phones or other personal digital devices must be given to the teacher at the beginning of the day and be collected from their teacher at the end of the day. These will be placed in a lockable cupboard and handed to the students at the end of the day. In some circumstances these items may be stored in the front office. The school is not liable for any loss or damage of these items.

### **If the student does not comply**

If a student does not hand up their mobile phone or other personal device at the start of the day, they will be asked to do this immediately and it will be stored in the front office. A parent/guardian will be contacted and asked to collect the device.

Where this is a repeat of misuse or refusal to follow reasonable instructions to hand in a mobile phone or personal device when asked, we will refer to the school behaviour management policy which may include further steps such as time out, take home or suspension.
